

## GENERAL ASSEMBLY - CAPSTONE PROJECT PROPOSAL

### ***a. Problem/objective you are trying to solve***

What areas of investment can we apply to improve overall happiness/welfare in society, based on the findings from other countries based on OECD data? Our goal is to look into ways to maximise 'Life Satisfaction'.

### ***b. Goals and success criteria of your endeavour***

Finding the variables which have the highest contributing factors to 'Life Satisfaction'.

### ***c. Data to be used - OECD "How's Life - Well Being?"***

Data set: <https://stats.oecd.org/>

### ***d. Specific audience/stakeholders for whom this would help/serve***

Advising policy makers on what broad areas for development we should focus on, with the intention of maximising 'Life Satisfaction'. In the economy.
